

Minor in Design Industrial Design Pathway Advising Contract

_____	_____
Name	Student ID#
_____	_____
Email	Address
_____	_____
Phone #	City, State, Zip

The Minor in Design has 4 core requirements (Des 200*, 356, 370 and 300) that are required prerequisites for later classes in Design. Each degree then has Program-Specific Pathways for Design Minors

The Industrial Design Pathway includes DES 320, DES 321, DES 305 and DES 310, for a total of 20 units. We recommend students take the prerequisite classes (200*, 356, and 370) first, and then take 300, 320, 321, 305 and 310 when they've met the prerequisites. DES 310 will be the last class taken in the ID Minor, as 320 and 321 are prerequisites for DES 310.

Take these classes first (they are prerequisites for the later classes)

- _____ DES 200* Visual Design Literacy (prerequisite for 300, 320, 321, 310)
- _____ DES 356 A History of Design and Technology (prerequisite for 300, 320, 321, 310)
- _____ DES 370 Introduction to Design (prerequisite for 300, 320, 321, 310)
- _____ DES 300 Design Process

Pathway Specific classes

- _____ DES 305 Lab Safety Basics (should be taken prior to or concurrently with DES 310)
- _____ DES 320 Drafting and Sketching for Design (should be taken prior to or concurrently with 310)
- _____ DES 321 Technical Drawing 1 (should be taken prior to or concurrently with DES 310)
- _____ DES 310 Product Design 1
